provide better operating.

Flanged panel:
With sealing gasket that increased
cable entry capacity.

Technological characteristics

Fully automatic sealing strip casting machine
One-shot molding, self-skinning, and traditional
adhesive
The sealing strip is rainproof, fireproof,
High temperature resistance, high strength, beautiful
appearance and other advantages.

Removable hinge

The door panel can be interchanged left and right, and compared with traditional welded hinges, it also has beautiful appearance and high strength. It will not desolder, break and so on

CNC automatic production line processing

The special hemming process improves the compressive strength of the product and reduces the welding process.

Greatly improved production efficiency.
