

ROHS Certified 63A 230V Automatic Recovery Over and Under Voltage Protective Device

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Golden Electric /OEM
- Certification: ISO 9001, ISO 9000, ISO 14001, ISO 14000, ISO 20000, OHSAS/ OHSMS 18001, IATF16949
- Minimum Order Quantity: 1
- Packaging Details: Carton/Pallet
- Delivery Time: Peak Season Lead Time: more than 12 months Off Season Lead Time: within 15 workdays
- Payment Terms: LC, T/T, PayPal, Western Union
- Supply Ability: 5000/Month

Product Specification

- Current Type: AC
- Display: Dual LED Display
- Frequency: 50/60 Hz
- Efficiency: High Efficiency
- Functions: Over/Under Voltage, Over Current
- Transport Package: Standard Carton
- Specification: Different Sizes And Specifications
- Trademark: Golden Electric Or Customize
- Origin: China
- HS Code: 8537209000
- Supply Ability: 5000/Month
- Type: Signal Type Arrester
- Application: Protector
- Operation Voltage: High Voltage
- Certification: ROHS, ISO9001

Product Description

Product Description

Single phase voltage/current protector integrates over-voltage protection, under-voltage protection, over-current protection and integrated intelligent protector. When there is over-voltage, under-voltage and over-current solid barriers in the line, this product can instantly cut off the circuit, avoiding unnecessary damage to electrical equipment. When the circuit returns to normal, the protector can automatically restore the circuit to make the electrical equipment work normally. The overvoltage value, undervoltage value, overcurrent value, circuit recovery time value and overcurrent protection reset time value of this product can be set by themselves. Adjust the corresponding parameters according to local actual conditions and electrical usage conditions.

Strict manufacturing and careful protection
Automatic reset to prevent power failure for a long time
Quick response to prevent the hidden danger of over voltage and under voltage
Automatic recovery after protection action
Voltage protection recover
Action time delay time

Functions

1. Over-voltage protection
2. Under-voltage protection
3. Asymmetry protection
4. Phase sequence protection
5. Automatic recovery

Specification	Single phase
Rated voltage	230V
Frequency	50Hz/60Hz
Passing Max Current	32A,40A,50A,63A
Over-voltage protection value	$\geq 270V \pm 5V$
Over-voltage recovery value	255V
Under-voltage protection value	$\leq 170V \pm 5V$
Under-voltage recovery value	$185V \pm 5V$
Action time(delay on time)	$\leq 1S$
Reconnect time(delay on time)	$\leq 60S$
Power consumption	$\leq 1W$
Electrical and mechanical life	≥ 100000 cycles

Boundary dimension	77×36×65MM
--------------------	------------

Noted: When you first connect the product, you have to wait about 1 minute, after the red light turn off, then the product will work.

The automatic recovery over voltage and under voltage protective device complies with modular design standards, the circuit boards of products adopt good quality electronic components with reliable performance.

When the power situation is unstable, its protection function will be automatically activated. Once the voltage exceeds the limited range of products, it will automatically cut off so as to protect the safety of electrical equipment and persons.

The green indicator display, when the power is normal supply.

The red indicator display, when the power over voltage or under voltage.

FQA

Q1: Are you a factory or trading company

A1: We are a factory, we can guarantee our price is first-hand, very cheap and competitive.

Q2: How does your factory do regarding quality control?

A2: All the products will be 100% checked before the shipment

Q3: When can I get the price?

A3: Usually we quote within 24 hours after we get your inquiry.

Q4: How could I get a sample?

A4: if you can not buy our product in your local area, we will ship a sample to you. You will be charged a sample price plus all related shipping costs. Express delivery charge depends on the quantity of the samples.

Q5: What is the price of shipping?

A5: Depending upon the port of delivery, prices vary.

Any more query please contact with us, thank you!
