Product Description

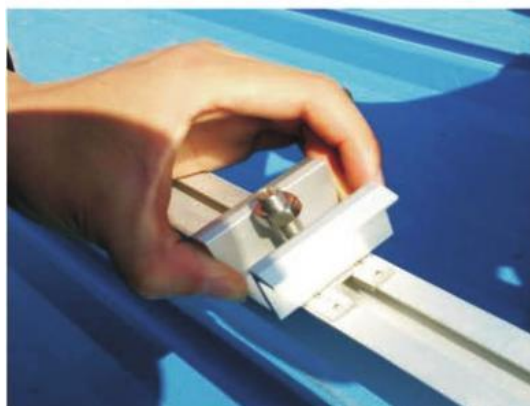

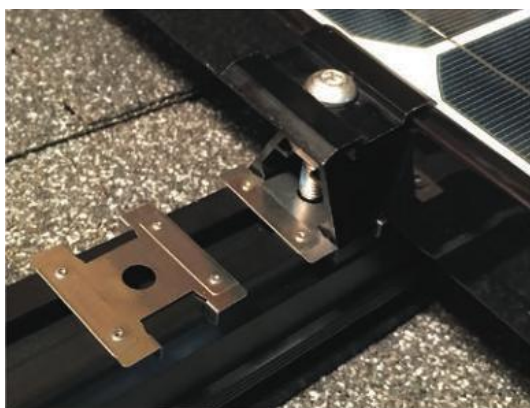

Product Description

Solar Grounding Earthing Wahers for Solar Grounding System

Grounding Solution has its smart and a variety of designs who is inserted between module frame and mounting rail,the teeth of ground clip pierce the anodized coating well.The result is excellent conductivity without oxidation,which makes the module and rail become one singular piece of metal,creating an electrical path the ground.

Material	stainless steel SUS304
Application	solar system connection components
Specification	as per customer's requirement
Further processing	turning punching, drilling, cutting, bending, planning etc 1. the innovated design 2.With SGS standards 3.High strength, anti-uv, high frequency insulation 4.Almost weatherability and chemical resistance
Product characteristic	5.Several years OEM experience 6.Easy and quick installation 7.Warranty 10 years & Durable for 20 years 8.Have our own R and D team to develop new products and improve products' quality constantly.
