

16A Industrial Rubber CE Schuko Plug Best Seller for Black and Rated Voltage 110-250V

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Golden Electric /OEM
- Certification: ISO 9001, ISO 9000, ISO 14001, ISO 14000, ISO 20000, OHSAS/ OHSMS 18001, IATF16949
- Minimum Order Quantity: 1
- Packaging Details: Carton/Pallet
- Delivery Time: Peak Season Lead Time: more than 12 months Off Season Lead Time: within 15 workdays
- Payment Terms: LC, T/T, PayPal, Western Union
- Supply Ability: 5000/Month

Product Specification

- Color: Black
- Standard: EU (4.8mm) Pins + Ground (2p+E)
- Protection: IP54
- Maximum Power: 3500W
- Plug Material: TPE Shell+ ABS Anti-Fire Core, Brass Accessorie
- Socket MaterialSocket Material: TPE Sheell+ Retardant PP Base, Copper Contactor
- Customized Support: Software Reengineering
- Transport Package: Ocean Freight Box Packing+Carton+Pallets
- Specification: Different Sizes And Specifications
- Trademark: Golden Electric Or Customize
- Origin: China
- HS Code: 8536690000
- Supply Ability: 5000/Month
- Model Number: 7001 7000

Product Description

Company

Profile
GoldenElectricCo., Ltd.

is professional make of Electrical products .Such as distribution box, waterproof plug, socket, wall switch, waterproof plastic ,Aluminum box ,Changeover Switch and disconnecting switch,MC4 Connector.isolator switch.fusebreaker.distribution box,PV combiner box .surge protector, Indicatorlamp,Solar Charge Controller,Industrialplugandsocket,BusbarInsulator,Meter Socket,Wind Turbine, Terminal Block,Solar product and so on. all products comply with IEC, A S/NZS standard. passed CE, IP66, ROHS certificates.at present we have exported to many countries and have serve these customers with professional electrical solution.

Product Description

Model No	7391,7396
Standard	EU (4.8mm) pins + Ground (2P+E)
Plug Material	TPE Shell+ ABS anti-fire core,brass accessorie
Socket Material	TPE Sheell+ Retardant PP base, copper contactor
Product Certification	CE
Rated Current	16A/250V
Waterproof Level	IP54
Maximum power	3500W

Product

Function

Industrial plugs are indispensable electronic connectors in systems and electronic technology equipment. Compared to traditional industrial connection network devices, this industrial enterprise can provide users with several years of service quality assurance in typical office work environments.

However, when our same copper cable or optical fiber connector is exposed to extreme conditions, its performance and reliability research will decline, ultimately realizing that users will also spend costly maintenance costs to troubleshoot and replace components. As a new connector in society, it is designed specifically for the purpose of building robust Ethernet connections in harsh environments. Compared to previous connectors, they are more durable, strong, and resistant. This new connection port is commonly referred to as an "industrial plug". The development of connector applications should not only be limited to China's manufacturing industry, but also be effectively used in various cultural, industrial, and construction industry management. Able to withstand the test of various harsh natural environments.

The main function of an industrial plug is to keep the circuit unobstructed, keep the cable in a sealed state, and ensure that the insulation level of the cable connector meets the requirements, which is its safe and reliable operation. If the sealing performance is not good, not only will oil leakage lead to the entry of oil or water, but

even the moisture in the environment will seep into the cable, reducing its insulation, making it more prone to electric shock or splash. Therefore, the tightness of connectors is a very important performance. In industrial environments, heat sources, sudden loads, humidity, tensile forces, water vapor condensation, cleaning fluids, air pollution, electromagnetic radiation, vibration shock, separation of equipment from electrical cabinets, high-density connections (cost reduction, etc.) are external factors that do not contribute very well to cable life. Therefore, our company has conducted a lot of research to address these environments, so that industrial plugs can continue to be used in these environments and maintain the same efficiency as normal environments. A new type of industrial plug has been developed and developed. It can still transmit voltage and current, high-frequency signals in harsh environments, and improve the degree of current and voltage in terms of carrying capacity. Ensure that it is efficient and practical. Its compatibility is also many, and it can be matched with the same type of plug in the plug. Its technical parameters are internationally common. It has passed various national certifications, greatly ensuring its quality issues. Determine the size, color, and structure of the plug according to different signals, facilitating the user to distinguish different industrial plugs.

Products Category

Solar PV Protection Fuse Holder DC for PV Fuse Link Fuse

Waterproof Combiner Box With SPD and Fuse

Mc4 Solar Connector 2 in 1 Branch Multiple PV Connector Socket

Surface -Mounted Waterproof Industrial

Packing & Delivery

Selling Units : Single item

Single package size : 19X7X7 cm

Single gross weight : 0.120 kg

Lead time:

Quantity(sets) 1 - 1000 >1000

Lead time (days) 7 To be negotiated

FAQ

Q1: Are you a factory or trading company

A1: We are a factory, we can guarantee our price is first-hand, very cheap and competitive.

Q2: How does your factory do regarding quality control?

A2: All the products will be 100% checked before the shipment

Q3: When can I get the price?

A3: Usually we quote within 24 hours after we get your inquiry.

Q4: How could I get a sample?

A4: if you can not buy our product in your local area, we will ship a sample to you. You will be charged a sample price plus all related shipping costs. Express delivery charge depends on the quantity of the samples.

Q5: What is the price of shipping?

A5: Depending upon the port of delivery, prices vary.

Any more query please contact with us, thank you!
